Bluegrass Intergroup Meeting Highlights

IGR meeting July 6, 2023 was hybrid.

- Group Awareness chair is open.
- Public Information chair is open.

-The Intergroup banquet will be chaired by the Parkside Promises group. No date or location is set yet but it's most likely near the end of November.

-Update on paper meeting schedules: a few errors have been corrected and printing is underway. No more info just yet but so far so good.

Literature prices are having to increase as previous supplies purchased at lower prices are being replaced by newer stock we had to buy at the higher prices. Not an across the board increase but title by title as the previous supplies get sold out.

-Picnic report: It was a beautiful day, we had about 225 people.

We know we need a more robust sound system in the future. How to do that in an economical way will be the question going forward.

We also found the need for some detailed organization and planning to handle the silent auction and payment process.

Income was \$997 +/-

Expenses were \$681 +/-

Profit \$316 +/-

In addition to this, we received several donations of supplies.

- Grapevine report: this month is the annual prison issue focusing on sobriety behind the walls, and sponsorship.

-Scoop: Apologies for missing several issues.

-Accessibilities chair: no report.

-A sponsorship workshop is being planned for mid-September. There will be a panel discussion, but there will also be pizza and brownies! Time, date, location info tba.
